Dear Mr. Stacey,
We are residents of Higganum CT and support healthy rivers and want regulations which will protect them from going dry. Seeing as we are in an area where the Connecticut river flows through our town along with many brooks and streams, we can appreciate how they can come back and be reclaimed as an environmental resource. I urge you to eliminate the Class 4 designation so that every stream in our state will have some level of protection.

Thank you for your participation in this matter.

Sincerely,

Judy and Barry Goldfarb
